

Dear Student:

This is your official invitation to become a Shasta College student for the Fall 2011 semester. As a graduating senior from a District high school, you have the unique opportunity to participate in Shasta College's early admissions program. Freshman Fast Track is designed to make your transition from high school to college both easy and enjoyable.

All area high school seniors are eligible for the Freshman Fast Track program. Upon completion of four simple steps: application, high school records, assessment, orientation and counseling, you will be permitted to register in May for your Fall 2011 classes. To assist you in completing the steps we have enclosed a check-off list bookmark for your reference.

If you are interested in completing a Shasta College transfer program to a university in two years, you may find the information at http://ctenorth.org/documents/pdf/new_trac.pdf helpful.

Visit our website and your high school counselor for details about this early admissions program. Remember, you must pay attention to dates and meet deadlines. We are looking forward to you joining the Shasta College community for the Fall 2011 semester!

Sincerely,

Kevin O'Rorke, Ph.D.
Dean of Enrollment Services
