Freshman Fast Track 2010

HAPPY NEW YEAR

FROM THE COUNSELING CENTER AT

SHASTA COLLEGE!

We wanted to remind you of the changes to the Freshman Fast Track registration for 2010. Below are the dates, times and locations of the Information Nights which will replace the counselor visits to your campuses. In addition to a short presentation on the matriculation process, students will also have an opportunity to visit booths showcasing Shasta College programs and to receive information regarding the transfer process.

It is important for students to understand that the Information Nights are NOT orientations and can not be substituted for an orientation. The orientation schedule is in the left hand column. After students complete the assessments, they will make an appointment to attend an orientation. During the orientation they will have an opportunity to meet briefly with a counselor to plan the fall semester.

A mailing went out to high school seniors in our district on January 6, 2010. We wanted to take this opportunity to review the changes in case students come to you with questions regarding the mailing.
